International & Cross-Border Transactions

We work closely with our clients' accountants and foreign advisors to create business organizations and personal plans that minimize taxation in all relevant jurisdictions, such as:

- addressing issues arising from dual residency or citizenship
- assisting non-residents to establish businesses and investments in Canada
- assisting Canadians to establish businesses and investments outside of Canada
- addressing tax issues arising from property ownership outside of Canada
- establishing international trusts for clients, including new immigrants to Canada
- addressing tax issues relating to becoming or ceasing to be a Canadian resident
